Air

Experience the **outdoors**

The fireside has always held a special place in both the hearts and homes of the people of Norway. Introducing the Air – a versatile range of al fresco cooking and heat to let you enjoy the outdoors your way.

With its stylish yet practical form, the Air is a smart outdoor fireplace, designed to burn natural firewood or charcoal. From a chic fire pit to a functional barbecue kitchenette, the Air can be selected in a host of configurations so that you can choose what best suits your lifestyle. Whichever Air you choose, let it create the atmosphere at the centre of your outdoor experiences for years to come.

2
Year
Warranty*

*Exclusions apply. See website for more warranty details.

A modern outdoor patio scene at dusk. In the foreground, a white square fire pit sits on a light blue mat, with a fire burning inside. To the right is a light-colored sofa with a dark cushion and a brown blanket. In the background, a dining table with wicker chairs is set with a bottle of wine and glasses. The patio is made of wooden decking, and there are plants and a dark building in the background.

pit and
barbecue
options**

Air Fire Pit (365-004)

*Front cover: Air BBQ Grill (965-010) with optional wooden side shelves
x 2 (965-118) and optional wooden shelf for log store (965-199)*

Smart Outdoor Living

Windbreak with steel grill.
(965-047) Supplied as part of BBQ Grill. Can be selected as optional extra for Fire Pit Models

Steel Tool Rail (965-051)
Supplied as part of BBQ Grill. Additional rails can be selected if required.

Log store base/Extension Module.
(965-032) Supplied as part of BBQ Grill. Extension modules feature useful locator holes to make fixing the optional wooden top easy, or your own custom choice such as stone or granite, if desired.

Model Shown: Air BBQ Grill (965-010) vertically configured with optional wooden side shelves x 2 (965-118) and optional wooden shelf for log store (965-199)

Protective Covers

Designed with practicality in mind, all Air Fire Pit models come with a high-quality metal lid to protect your outdoor fireplace from the elements when not in use.

For added protection, two optional fabric covers are available. The short option (965-316) will cover the Air Fire Pit model, whilst the long version (965-504) can be used for the standard BBQ Grill in vertical configuration.

Optional Kebony® wooden side shelves x 2 (965-118) and optional Kebony® wooden shelf (965-199). Kebony® wooden top pictured below (965-140)

Quality Concrete Shapestone construction. All models come with an unfinished concrete exterior for minimalist and modern style. If you wish to tailor your Air further to a colour scheme, the concrete can be painted with silica-based masonry paint to suit your garden design.

Unlimited Potential Configurations

Air - BBQ Grill (965-010)
Vertically configured.

Air - BBQ Grill (965-010) Horizontally configured with optional wooden top (965-140)

Air - BBQ Grill (965-010) Vertically configured with 2 x Extension modules (965-032), 2 x optional wooden tops (965-140) and 2 x optional wooden shelves for log store (965-199)

Extension modules can be utilised as storage or seating!

Air - BBQ Grill (965-010) Vertically configured with 2 x Extension modules (965-032), optional wooden top (965-140) and 2 x optional wooden shelves (965-199)

Designed for your lifestyle

Barbecue models come with a windbreak and steel grill for open-air cooking, plus a sleek steel tool rail for hanging those essential barbecue utensils. To keep your barbecue looking its best, a supplied protective anti-drip strip can be fitted with ease, keeping oil and food away from the concrete base. An optional sizzle plate (see bottom right) can be selected for a versatile cooking surface, while the extension modules can be used as a log store base for easy access to firewood to keep the heat going - or even configured for use as stylish bench seating in a horizontal configuration.

Air - BBQ Grill (965-010) Vertically configured with 2 x Extension modules (965-032), optional wooden top (965-140), 2 x optional wooden shelves (965-199) and additional tool rail (965-051)

Windbreak & BBQ Grill

**Optional wooden top (965-140)
and log store shelf (965-199)**

Tool Rail & Anti-drip Strip

Optional Sizzle Plate (965-233)

Dimensions

Please note: Concrete may be liable to surface crazing. Whilst not a fault, if finish is not desired, repairs can be made with light/acrylic filler.

*We strongly recommend that you consider the local regulations regarding safety distances to buildings and vegetation before assembling the product and putting it to use. Please also be aware of possible local temporary fire bans during droughts. In the case that the Air is placed on a wooden or composite deck, we strongly recommend covering the floor around it with non-combustible material (minimum 50cm wide) in order to distribute weight, avoid embers leaving marks in the deck and in worst case fire.

Owing to variations in lighting and printing inks, the finishes illustrated may differ slightly from actual models.
